

GARDEN GIRL

PRESS RELEASE

A new clever Short apron!

This traditional style of apron features clever pockets for garden tools and accessories, available in two colours, roses and our new pattern roses brown.

The products are available for sale from march 2010. For prices and resellers, please visit www.gardengirl.eu

The garden is more than a place – it is a lifestyle!

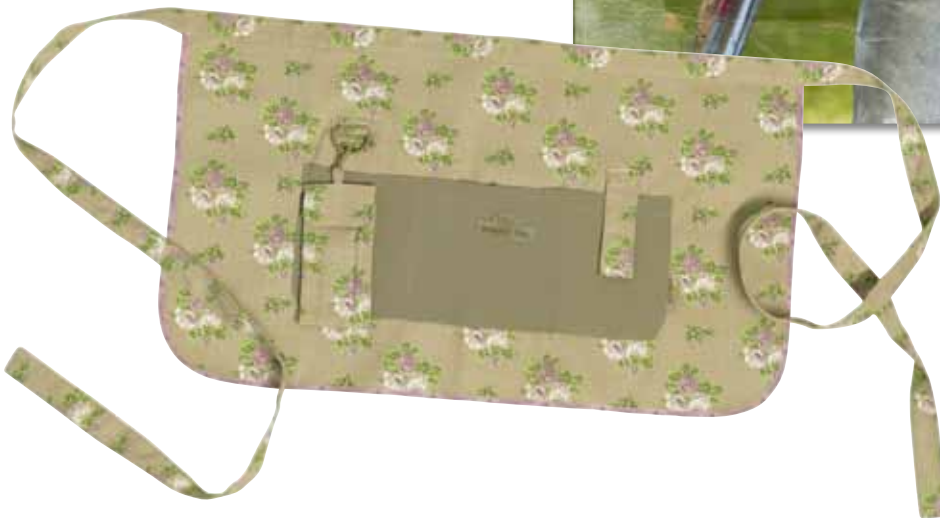

Just as a sun ripe strawberry reminds us of a lush garden, GardenGirl allows you to enjoy garden experiences – anywhere, any time! With gumboots firmly planted in the soft soil, gardening gloves at the ready, peering out from a wide brimmed sunhat.

See you in the garden!
